## **OEM**

We have inhouse manufacturing, we provide OEM service to our clients where we produce leather goods based on buyers design in which custom logo which can be embossed on bags, debossed on bags, custom printed and designed boxes, metal logo on bags etc so each bag is custom made and personalized as per buyer requirement.

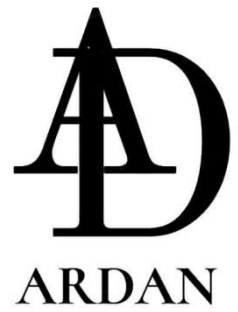

Product packaging plays a more important role in consumer decisions than you might think. A product's packaging communicates many things, from what the product can do for your customers to your company's values.

Please view what kind of packaging we could do for small leather goods, such as wallet, card holder and keychain etc.
